

Prevent Hunger

March - April 16, 2021

Goal: \$200,000

a gmcc program

NEW THIS YEAR! We need very specific, targeted items for the food shelf right now:

- **shampoo, conditioner, body wash**
- **cooking oils (vegetable, coconut, olive, canola, avocado, sesame, etc.)**
- **cereal**

Additionally, we need **infant formula, juice boxes, canned meat, paper towels and toilet paper**. While this list of items is smaller than in the past, it is no less important!
